INDEX TO VOLUME L

A

Abalone—diving for sea food 35
Acoustics—sound velocity in helium twice that in air 752
Advertising
aided by signs set in flashing jewels 56
changeable electric signs made up with loose lamps 290
flying billboard has lights underneath wings. 552
latest aid is truck with revolving signs 81
machine sells and talks to advertise goods.... 465
model airplane as billboard 791
motion sign for printer 164
novel window manikins from pipe cleaners .. 682
pictures thrown onto clouds for 106
plane as flying billboard shows signs by flags. 579
small car's super-balloon tires advertise service station 423
store front of glass booths helps draw trade.. 402
tank in form of pineapple for canning plant.. 560
turntable facilitates window decorations..... 845
Agricultural Implements
cotton-plant shaker aids war on boll weevil.. 355
cultivator saws the soil for better planting... 552
cutter to shred cornstalks helps curb borer .. 418
grain register tells exact amount of crops 183
hoe with adjustable head saves extra tools .. 633
improvised corn planter 154
plow for flat-bottom ditch makes sloping sides 218
plow that plants potatoes 183
shocker for grain bundles saves hand labor.. 448
Agriculture
berry patch grows on cars 768
reclaimed U. S. land yields big crops 247
train to control wheat smut 945
women farm experts in Sumatra 193
Air-Mail
contracts for thirty-two lines 988
pick-up chute for, saves landing 886
stamper prints two colors 715
U. S. carried 1,654,165 pounds in 1927 983
Airplanes
air yacht has all comforts of railroad pullman. 937
army seeks silent to aid in attacks 413
"Baby Bullet" breaks speed marks 983
carrier given bath before official trials 8
Diesel engine for in successful flight 926
diving plane for bombing has four guns 712
double deck, to carry thirty-five passengers..1001
fly from ocean liner with aid of catapult 545
flying fort lifts 5½ ton loads 785
for "Lindy Junior" 313
landing wheels fold to increase speed 401
latest navy amphibian carries guns and bombs. 80
life of, may exceed automobiles 959
midget plane without tail 992
model, as wind vane 810
modeled after "Blimp" 818
moving pictures exhibited on 255
ninety-foot tri-motor for transatlantic flight.. 280
queer, new, tailless, with movable wings 632
restaurant in the clouds saves air passengers. 183
rocket is successful in first flight 356
six-mile-a-minute plane built in England 986
that carries torpedo and several bombs 390
to tranport rubies from Burma mines 797
vacuum brakes stops them in few feet 461
valveless motor for 897
world's biggest seaplane 728
world's largest monoplane weighs fifteen tons. 449
world's record for number carried 593
Airships
"Graf Zeppelin" the first great passenger liner. 889
luxuries aboard an air liner 429
new helium plant for navy dirigibles 273
"R-100" built for transatlantic passenger service 987
radio photo of German dirigible "Count Zeppelin" 927
Aloes—gathering is bitterest job 966
Aluminum
plating on metals by electricity 811
to dull finish articles made from 502
Amber—rich mine gives work for entire village .. 272
Amusement Park—coin-in-slot swinging seat 254
Anæmia—copper shown as preventive by rat tests. 64
Anæsthetic—administered by "robot"..... 236
Anchors—mushroom, to hold landing fields at sea 279
Angles—laying out accurately 694
Animals
cemetery for pets displays monuments to 928
elephants serve as tractors on African farms .. 113
ills cured by latest applications of medical science 14
sea elephant lets keeper stand on back 888
"skyscraper" cage needed to ship baby giraffe 241
trapping wild elephants 557
walking wheel tests dogs in following trail .. 24
Ants
men-eating 759
red to fight boll weevil 967
to drive out of refrigerators 675
tunnel 65 feet to reach water supply 89
Ants, African—secret of water supply 813
Apples—stored in gas to prevent decay 791
Archæology
apartment houses of Biblical days rebuilt 762
Cambodia, a jungle mystery 451
chariots 50 centuries old found in Mesopotamia 106
famous Biblical rock in Horeb 761
find stables of King Solomon 810
flowers found in sepulchres same as now grow in Egypt 578
ice king's tomb found on Aleutian peak 617
jewels fifty centuries old found in queen's tomb 55
lost city found by pictures taken from airplane 400
man's antiquity evidenced by new finds 249
men in Africa 50,000 years ago 183
mystery of Indian mounds cleared 418
probing the tomb of first artist of all history.. 230
quake uncovers gems buried in old tomb 377
seek glories of old Rome in Circus Maximus ruins 13
Ur tombs reveal ancient sacrificial customs .. 630
was the Garden of Eden in America? 82
x-ray studies of mummies reveal secrets of past 369
Architecture
home to be built in side of cliff for movie stars 239
house in form of sphere to aid traffic 179
late styles in 813
modernistic city hall and water tower combined 456
new ideals of beauty shown in European cities 588
quake-proof buildings mark new construction styles 461
Arctic—"blind spot" shrunk to size of Texas 10
Army, Austrian—water skis for soldier 791
Army, German—fake tanks screen snipers 912
Army, Russian—soldiers on wheels to fight in gas masks 95
Army Training—war game with model map trains citizen soldiers 288
Army, U. S.
growing wings for the army 642
mortar lays smoke screens 763
Asphalt—emulsion aids curing of concrete 401
Astronomy
big glass tested at night to reveal defects ... 232
model moon carved in plaster 96
mysteries of origin of stars increase with time 222
study of spots on sun aids search for oil 758
sunspots forecast better radio 594
telescope with giant lens to reveal new worlds 264
the latest mystery of the heavens 266
world's biggest lens to solve Mars riddle 636
Auger
post, marking handle to tell depth 878
spring prevents from "running" 1018
Automobile Bus for road or rail 758

General
Wales

Automobiles
armored car observatory helps guard money .. 241
auto used as tractor on ice 1047
baggage car to carry autos 989
car run like rocket develops high speed 42
care of your auto generator 1028
carrying outboard motor 157
carved Chinese for bridal parties 707
cementing gearshift lever ball 349
chassis oiling system operated by engine heat. 726
clerk's office on wheels 764
combined with bike for deliveries 593
corn flour to run 946
cover keeps steering wheels clean 1054
fire fighters to get coffee from service car .. 949
folding foot-power develops high speed 925
folding maps easy to handle 109
front-wheel drive adapted for pleasure cars.. 180
glass hood permits view of motor 246
guard for the starter keeps children from meddling 680
license plate locked on end helps foil thief.. 368
magnets on bumper clears road of nails 801
portholes in windshield help in bandit chase .. 207
power exceeds all other engine power 237
roads over railways to speed traffic 426
rocket car held to ground by wings 191
runs ferry over river saving long delays 433
run spray outfit 47
scrap steel to make farm implements 629
shaking table tests quality of car 984
shock absorber for the trailer 320
"skyrocket" propelled by gunpowder 7
special boats carry many 937
tiger face features hunting car 62
toy electric auto follows fence for power 926
trucks for unloading 162
use correct type of spark plug 1036
used as substitute for steam on midget railroad 416
with rear door give backward view 384

Automobiles, Accessories
automatic starter control promotes safety ... 384
bed concealed in top simplifies touring 617
casing of shock absorber is moisture-proof .. 96
celluloid on windshield prevents steaming 1028
cigaret dispenser contains a humidor 416
cigar lighter without wire latest convenience.. 545
clamp to hold luggage protects body of car.. 417
clasps for skid chains simplify adjustment .. 238
clock like speedometer withstands shocks 236
clock on gear lever replaces knob 215
convenient location for tool box 346
cord control of rear shade for driver 34
drip pan guards cowl when tank is filled 453
extension rim on wheel helps travel in mud.. 193
fan on auto heater 784
fender shield protects from mud and tar 884
folding armrest adds comfort in driving 576
folding luggage trunk holds big load 17
gas tank cap prevents spilling 799
gauge that shows quality of oil 425
glass protector keeps windshield clear 281
handhole in side window for signals 12
handle on steering wheel is aid to driver 208
jewels on license bolts increase safety 249
light with magnet base 255
motor air cleaner 952
mud clamps for tires prevent sticking 271
neon tubes tell spark-plug troubles 905
permanent jacks simplify repairs 106
posture pad promotes health 256
rear signal has pointing hand 226
safety seat for baby 568
spring-greasing clamp 819
springs on tilting seat add to comfort 40
top over rumble seat quickly taken off 569
traffic-light mirror promotes safe driving 449

Automobiles, Battery—oiler for storage, prevents corrosion 561

Automobiles, Cleaning
hose nozzle that holds soap simplifies 13
revolving brush on hose 399

Automobiles, Driving
auto rings warning bell at crossing 760
"cat's eye" traffic lights guide motorists 602
four-wheel brake tester aids safer 609
gearshift indicator aids beginners 945
getting more mileage out of your Ford 676
grip plate for wheels helps out of ruts 905

Automobiles, Driving—continued
how to stop without skidding 387
light colored clothes help at night 105
steering wheel turns lights for safer 295

Automobiles, Equipment and Supplies
gasoline vaporizer replaces carburetor 592
roof top rolls back at pull of tab 619
rubber bumpers guard car and passengers 209

Automobiles, Fuel—substitute for gasoline from sisal plant 247

Automobiles, Lighting—fog piercing, promotes safety 573

Automobiles, Radiators
preventing from freezing 1042
shield prevents spilling alcohol on finish 1026

Automobiles, Repairing
anti-rattlers for hood clips 686
anti-rattler for hoods 146
burning out carbon 517
compensating for stripped starter teeth 497
cure for rattling of brake rods 145
device helps to reline brake bands 694
emergency repair on brake linings 1030
hand size brake tester 64
hook to straigten fenders 179
how to prevent loss of tools when overhauling 678
how to remove broken spindle bolt 339
lathe to true brake drums simplifies servicing. 625
making brake bands round 172
permanent jacks simplify 106
removing broken lamp 860
removing stubborn headlight rims 157
silencer for rebound clip 682
tire-valve spring substitute for distributor-cap spring 525
trouble lights worn on head aid 553
useful tools for tire-chains 1052
vacuum cleaner to paint car and oil springs .. 630
valve-seating tool made from old valve 1041

Automobiles, Safety Devices and Measures—visual brake tester promotes safety 367

Automobiles, Tires
homemade spreader 154
jack fixed to wheel simplifies change 432
meter shows pressure while inflating 42
pop valve for 784
puncture mat stops cars 709
red dot guides in balancing 33
shields protect balloon oversize tires 1018
spring to hold valve cap prevents loss 273
trough for testing those that leak slowly 676
twin, decrease jars 555

Automobiles, Touring—washing cabinet contains first-aid kit 601

Automobiles, Trucks
electric cooler helps motor shipping 223
loosening rear axle nut 518
with revolving signs aid advertising 81

Aviation
aided by old fire engine as cleaner for motors. 578
air-picked gold fields 754
airplane loaded in flight from metal chute.... 591
airplane takes non-stop record from birds .. 929
air-rail passenger routes to speed traffic 254
air service in Alaska 17
air sickness prevented by pungent vapor 609
air sign boards aid flyers win endurance record 574
airways 7,698 miles of, for night flying 951
altimeter to defeat fogs aids safer flying 568
arrow on roof guides airplanes 817
avigation of the air 18
beacon on border honors Mexican flyer 775
big airplane beacon visible for hundred miles.. 225
Britain's bid for the world's air capital 251
call letters for aircraft aid radio contact 609
can flyers conquer thunderbolts? 536
champion airwoman wins 8,000 mile race 457
conquer ice peril in flying with thermometer. 464
crashes made to order 804
dog fighters of the air 434
fin for parachute jumpers aids safer descent .. 256
five tons of beef required for Byrd expedition. 591
flyers find new sugar cane in New Guinea .. 977
flying becoming safer 65
flying billboard has lights underneath wings.. 552
flying police for airport traffic 752
four-lensed aerial camera to speed mapping.. 209
France honors Lilienthal with museum model 39
German air lines operate 40,000 miles daily. 937
glider sails four hours on American flight ... 592

Aviation—continued
Grand Canyon air trip latest thrill 789
growing wings for the army 642
half around the world in sixteen days 210
hunt sugar cane by airplane 74
improved neon arc light to aid 296
international aero station 234
learning to fly 466, 610
lessons of the first westward flight 1
lighted air plane targets aid night shooting.. 78
lighthouses of the air 906
making aircraft airworthy 580
mask for aerial camera man 759
miniature flying field built for toy planes 57
model airplane as wind vane 810
mushroom anchors to hold landing fields at sea 279
naval flyers get weather data 763
neon aerial beacon on skyscraper 999
new helium plant for navy dirigibles 273
novel float tests airplane engines on water 385
paraffin oil on airplane wings prevents ice formation 32
plane as flying billboard shows signs by flags. 579
plane flies without pilot 802
plane rigged for blind flying to reduce night hazard 218
portable searchlight helps planes land 41
propeller research to improve flying 602
quarter-hour air taxi line across English Channel 417
queer aerial cargoes 448
radio headgear to aid communication 587
reindeer meat by airplane served in Alaska .. 423
road sign for air travelers shows wind direction 600
seaplane to carry hundreds over ocean in few hours 290
seat on pivot steadies plane for safer flying .. 432
Southern Cross flight a radio victory 185
special paints for planes to promote safety ... 7
steel pilot guides plane without human help .. 553
successful experiments in refuelling planes at sea .....Opp—1
the flying cameraman 378
three hundred air schools show growth 250
travel of the future 194
twenty-five years of flying 739
uniform markers for airways 737
what's wrong when a plane crashes? 392
will rocket planes reach the stars? 717
wire's shadow guides plane flying across sea. 375
with the air patrol 50
yelling helps cure dizziness in high-speed flying 637
Awning—inside control for 769

B

Baby Carriage
fly screen guards infant's sleep 625
motor-driven plugs into light socket 883
motor saves nurse maid walking 23
Bacteria
cause iron deposits 441
color-eating, blamed for fading colors 663
Ball—repair of rubber 666
Bananas—cover keeps frost from 1053
Bank
an iron bookkeeper 105
target drill for clerks helps curb robbers 66
vault opens from inside to foil robbers 74
Barbecue—electric, for stores 802
Barnacles—new paint to prevent 432
Barrels—truck for carrying heavy 349
Basement
garage in 777
lock for the trapdoor 327
Basket-Weaving—where human beings serve as burden carriers 46
Bass, Viol—made of aluminum is warp proof 47
Bath Attachment—fountain for soapsuds and other toilet preparations 602
Batteries—removing terminals 878
Beacons—aviation, in honor of Mexican flyer 775
Bearings
how to cool hot 340
replacing ball retainers 140
Beauty Treatment—portable vapor face bath 113
Bed
folding, fits in dresser drawer 288
portable for the baby, weighs thirteen pounds. 427
that gives comfort on hot nights..... 208
Bees
honeycomb fifty feet long found in house wall. 265
jug trap for 350
teaching new tricks 603
Belt
emergency lacing for 1041
expansion buckle..... 679
shifter installed on lineshaft 173
to prevent working away 346
Bicycle
folds into suitcase 887
for children has sidecar 961
how to make a coaster 145
repairing tire puncture 143
Billiards—guide for players teaches correct stroke 447
Birdhouses
made from flowerpots 847
model village for birds 764
Birds
airplane takes non-stop record from 929
kept away from reservoirs by crossed wires .. 460
ostrich largest existing 935
secret of keen eyesight 226
so stupid they are caught in fish nets 951
the mystery of migration 98
vanish from stricken city in Greece 983
when geese wear shoes 553
whistles on carrier pigeons keep hawks away.. 375
Blades—handle for holding small 515
Blindness
books made to "talk" to the blind 265
war on 575
Blowtorch
cleaning nozzle 172
paint removing fitting for 174
Blueprints
drawings reproduced direct from positive 721
holder prevents soiling 694
Boats and Boating
big motor boat like torpedo for transatlantic trip 216
big racing yacht splits waves 192
boat and boots combined 959
boat inflated like tire, fits in knapsack 555
boat leaps thirty-five feet in motor test 32
boat propelled by pumps develops high speed. 647
carrying a canoe on a sedan 846
checking speed for trolling 144
circular metal won't tip over 976
detachable motor for barge 713
electric elevator simplifies storing of 945
electric lifeboat launched in three seconds ... 592
folding boat fits on auto running board 598
foot harness for oarsman aids in paddling ... 391
getting the most out of your outboard motor. 489
handholds facilitate carrying rowboat 683
more speed from the outboard boat 665
outboard hull like plane gives high speed 607
queer hand-propelled boat has folding top .. 367
quick hitch for a rowboat 854
retarder on outboard motor slows speed for trolling 89
rivetless, cuts path through ice field 551
rowing practice with mirror helps train oarsmen 257
rubber life ring for rowboats 950
sailing boats with big kites is latest water sport 591
speed boat built like wingless seaplane 1000
spoonlike racing oar to increase speed 192
toy, your boy will like this liner 691
world's most famous yachts 915
Boll Weevil
cotton plant shaker aids war on 355
red ant entered in fight against 967
Bookkeeper—mechanical 105
Bookplate—how to make a color stamp 669
Books
bright bindings attract more readers 636
concealed in ring 813
lamp clamps on 729
made to "talk" to the blind 265
Boomerang—throwing is great sport 671
Borax—to kill mosquitoes 562
Bottles
emergency method of opening 1022
glass tube in cork serves as funnel 214
Boxes—of varying height handled by adjustable tote-box truck 337

Boxing—disappearing ring 935
Bricks—white crust on walls caused by salts 416
Bridges
across Grand Canyon 989
Ambassador, links U. S. and Canada 914
big steel has span of five hundred feet 441
Eads, tests show strong as new 952
guarded against collisions by old ships 459
hand-operated balance still used in England.. 929
stone arches replaced by steel span 250
twelve miles long to span Frisco bay 358
Brush—homemade for applying tar 1018
Building Construction
apartment houses of Biblical days rebuilt 762
concrete slab walls simplify 413
hoist run by truck is latest aid 617
houses built flat on the ground and raised to position 635
new, eliminates plastering 737
noiseless age seen through electric welding process 217
square for cutting rafters aids roof builders .. 216
Buildings
"health hotel" shaped like a steel ball 783
house in form of big globe 729
late styles in architecture 813
Burglar Alarm
bell on doorknob 95
sound waves set off 78
Butter—circus display modeled in 818

C

Cabbage
new kinds 635
six-headed plant has eight-foot stalk 574
Cabin—quickly built for camping requires no nails 417
Cabinetwork—attractive wooden trim for 687
Cable
stand for linemen 172
ten-message, to span the Atlantic 577
Cacique Wood—"magic log" found in jungle 8
Cake—in form of skyscraper weighs half a ton 285
Calipers—rough-and-finish 1048
Calking—automatic gun leaves one hand free ... 206
Cam—laying off a 515
Camera
in policeman's club 716
measures speed of lightning 785
sextant, records its location on earth 712
Camera, Aerial—portable for still pictures 992
Camping
cabin can be built in hour and requires no nails 417
carrying case for gasoline lanterns 158
ice machine for tourists run by auto 24
kindling cubes simplify starting fires 113
kit holds chairs and serves as table 897
large, folding grate for campfire 684
lunch carrier and table combined in one 385
old auto chain holds pots over campfire 675
pipe frame on auto holds canoe 332
pocket sundial and compass for hikers 56
portable bathing pool serves auto tourists .. 577
salt and pepper shaker 676
washing cabinet for tourists contains first-aid kit 601
Can Cover—self-opening and closing 518
Candle—homemade lantern 505
Canoe—pipe frame on auto holds 332
Cans—emergency method of opening 1022
Carbon Monoxide—oxygen chambers saves cats affected by 913
Carillon—bell weighing nineteen tons cast for New York church 358
Carpet—holder for stair, saves cleaning time 63
Carpet Sweeper—with combs to keep brushes clean 294
Castings, Aluminum—how to grind 699
Cathedral—model carved with jackknife 816
Catnip—as lure for bobcats helps protect game ... 279
Cats—on ships to curb rat menace 45
Cattle—U. S. to show talking cow 978
Cement—in whitewash prevents flaking 496
Cemetery—for pets displays monuments to animals 928
Chain—links easily parted 935
Chair Covers—cleaning cretonne 509
Chairs
how to tighten cane seats 1031
new dowels in 142
Chariots—ancient, found in Mesopotamia 106
Chemistry
solving the secrets of life 563
will make foods to prevent famine 576
Chewing Gum—to remove 685
Children
intelligence test for 764
Japanese, grow taller playing western sports.. 465
spring operated seesaw for 953
Chimney
drain tile is substitute for 1024
felling giant, shows skill 289
used as war memorial 951
Christmas—make your own decorations 1019
Chuck
grinding, quick-tightening 878
simple magnetic 174
Church
floodlights produce effect of stained glass windows 597
services announced by drum box serving as bell 11
Churn—spring mounted, mixes food, etc. 975
Cigarets—coin-in-slot dispenser talks to advertise goods 465
Circus
inventors of circus laughs 723
staged with puppets 713
training horses 258
City—model, for lumbermen 905
Clamp, Spring—for leather workers 695
Clay—modeling, use for workshop 874
Cleaning
cretonne chair covers 509
effective cleaner for fabrics 142
terra cotta 690
to keep white woodwork fresh 163
white sinks bathtubs, etc. 680
white tile 171
windows washed from inside with spring swab 114
Clipper, Lawn—cuts tall weeds 816
Clippings—cutter for is substitute for shears..... 42
Clock
animals' eyes tell time on novelty 31
buzzes warning of engagements 284
thermal motor winds as temperature changes. 200
Clock, Alarm
muffling 509
opens hen-house door 843
Clothesline
hoist for 1017
kept taut by rustproof hook 390
preventing double from slipping on pulleys .. 676
safe and handy hanging of 846
Clothing
made of cork 986
women's winter apparel more healthful than men's 784
Clover—roots penetrate nine feet 905
Coal
artificial silk is by-product 215
better ways of storing to prevent fires 447
gases from smoke may cause colds 256
low grade lignite, produces fuel and gas 985
soft, turned into hard to reduce smoke 440
tinted to tell brand 1000
Coast Guard—guardians of the sea 546
Cockroach—sure-catch trap 685
Coffeepot—asbestos covered handle 504
Coils—pads for winding prevent finger injuries .. 667
Coin Carrier—in vanity case 398
Coins—Hawaiian half dollar a rare prize 989
Colds
odors to curb 73
treated by "electric doctor" 356
Color Blindness—number affected 17
Colors—odd sources of 11
Concrete
asphalt emulsion aids curing 401
circular walls of 977
white paint for 1018
wire-carpet form improves cement floor 264
Concrete Forms—method for cutting tie wires for. 878
Copper—shown by rat tests to be anæmia preventive 64
Corks
easily removed without turning 636
garments made of 986
to remove from bottles 674
with slot permits sprinkling 504
Corkscrew—for untying knots 666

Corn
husks used to polish rubber 294
improvised planter works quickly and saves stooping 154
Corn Borer—cutter to shred stalks helps curb 418
Corn Flour—used to run autos 946
Corn Popper—improvised 1036
Corn, Seed—storage shed for 696
Cot, Folding—equipped with casters 860
Cotton
gas mask protects driver of duster for boll weevil 637
silk made from lint 975
Cow—to prevent switching tail 350
Crane—carries house over sea 736
Cream Whipper—electric, homemade 861
Crime
alarm box instead of phone speeds call for police 432
bank vault opens from inside to foil robbers.. 74
camera detective convicts poor-box thief 400
microphones in jail room to trap prisoners... 295
movie camera in phone box helps trap crooks. 555
on the trail of the swindler 242
portholes in windshield help in bandit chase... 207
sound waves set off alarm to frighten burglars. 78
target drill for bank clerks helps curb robbers. 66
tear gas club for policemen to help conquer crooks 599
tear gas traps murderers in jungle valley 23
two-wheeled forts aid police war on bandits.. 248
Crocodiles—how hatched revealed by photos 709
Crystal Mine—yields lenses for ultraviolet rays.... 813
Currency
new paper money to be aged to prolong wear.. 555
seek longer life for paper 281
Cushions—leather, improvised 861
Cyclone—why grow stronger as they move northeast 896

D

Dam, Coolidge—to reclaim desert 708
Dams—quake recorders to warn of collapse 367
Dandelions—roots pulled out by long-bladed weeder 460
Deaf—sound-absorbing walls help to hear 912
Deafness—electric ear at telephone latest aid 366
Deaths, Accidental—one-fourth occur in homes .586
Defense Wall—to be built by the French 450
Dentistry
probes wrapped by motor 961
ultraviolet rays reveal tooth cavities 257
Dents—removing from metal ware 680
Desk—and piano combined 999
Diamonds
big, life story to be filmed 935
diving for in sunken liner 934
increased yield from Congo 974
red, eighteen-carat found in South Africa 936
Dictaphone—words recorded on wire 977
Digestion—human body portrayed as a factory .. 626
Dirigible—radio photo of "Count Zeppelin" 927
Disease
eight more lepers freed by U. S. 999
gases from coal smoke may cause colds 256
low frequency radio waves to help treat 230
patent remedy for rickets 290
radio transmitter helps treat 801
ridding pets of vermin 1024
Divers
diving for diamonds hidden on sunken liner.. 934
tests made by navy in pressure tank 896
Dividers—with bent points for marking centers... 349
Diving
for sea food 35
queer suit to reach greater depths 224
Dogs
portable heated house 333
rumble seat for 514
tested by walking wheel 24
Don Quixote—carved in wood assumes different poses 447
Doors
double, for one-way passage 526
folding partition is substitute for 608
peep glass in house 801
rubber cushion silences slamming 553
securing with loose-pin hinges 873
with bronze grills guards against burglars ... 255
Door Announcer—silent butler answers door at press of button 180
Door, Basement
holder for 683
simple base prevents sagging 680
Door, Cellar—idea employed in excavating 1042
Doorplates—artistic, beautify home 335
Door, Screen—metal guard prevents breaking mesh 441
Door Snubber—ends slamming and helps fight flies 577
Draftsmen—simple rack for 1041
Draftsmen's Supplies—drawing table attached to door 143
Drawers—to prevent sticking 701
Drawing Table—attached to door 143
Dredge—stranded, liberated with ice 450
Drilling—kinks for accurate 702
Drill Press—small hand, treadle feed for 858
Drums—grip for metal, to prevent accidents 45
Duralumin—Junkers reveals his secret of handling 414
Dyeing—indelible crayons simplify 89
Dynamite
hunting oil with 881
used to fell trees 727

E

Earth—shape under sea gauged by submarine 968
Earthenware—repairing small cracks in 1022
Earthquake—uncovers gems buried in old tomb... 377
Easel—improvised with kitchen chair 496
Educational Methods
child's piano playing guide 217
microphone aid teachers as well as pupils ... 218
Eels—two years' cruise to explore mysteries of.. 640
Efficiency—decreased by noise causes millions loss 226
Electrical Machinery—cooled with gas, more efficient 925
Electricians' Supplies—wire connector eliminates tape and solder 913
Electricity
aluminum plating on metals 811
apparatus makes books "talk" to blind 265
high frequency current used to treat colds ... 356
power from a new kind of perpetual motion .. 554
power tapped from trolley wire without stopping cars 577
the new age of electric heat 730
what a cent's worth will do 446
Electric Fan—modeled like Lindbergh's plane, cools courtroom 355
Electric Iron—without cord 726
Electric Lights
floodlights in church 597
giant bulb for special purposes 273
grow wheat in thirteen weeks 57
reflector made of tinfoil 141
Electric Lights, Street—dimmed to tell time in South African town 81
Electric Meter—cabinet to hide 158
Electric Motor—tiny, keeps time for accurate metering 459
Electric Plugs
of soft rubber 483
with safety light to help prevent fires 636
Electric Power—Diesel engines may displace superpower 802
Electric Signs—changeable, made up with loose lamps 290
Elephants
serve as tractors on African farms 113
trapping wild 557
wrecks railway in India 819
Elevators
electric, simplifies storing of boats 945
vacuum tubes give automatic control for 1000
Engines
idea of explosion older than steam 600
oval cylinders reduce friction 791
Engines, Diesel
for airplanes in successful flight 926
for railroads decrease fuel costs 887
solid fuel used to run 988
Engines, Marine—new type of magneto 727
Erasers
how to use 336
to keep in good condition 667
Ergosteral—ounce is equal to six tons of cod liver oil 290
Excavation—cellar-door idea employed in 1042

Exploration
five tons of beef required for Byrd expedition 591
most of the world yet unknown 391
Polar, mysteries of 361
two years' cruise to study mysteries of eels 640
Explosives
is more powerful than T. N. T. 440
tons shipped without loss of life 284
Eyes
brown withstand glare better than blue 40
glass house to save your 930
rested after strain by picture chart 49
Eyesight—accurate, big factor for success in sports 422
Exercise—apparatus for neck promotes health 295

F

Fans, Electric—fitting brushes on 1030
Fatigue—treadmill test for athletes aids study 79
Fence
barbed-wire, stringing tightly 874
old boiler flues used as posts 173
tool for driving posts 164
Fenders—for desk save silk hose 278
Ferry
run over river by auto to save long delays 433
ship that swallows trains used as 107
Fertilizer
apply with hose while watering lawn 200
forest fires destroy 729
spray gun for 142
Files
chalk rubbed on 1040
weighted handle prevents breakage 1054
Filling Station
built like windmill 885
umbrella-top, has automatic gong 257
Firearms—secrets of the Great Smokies 26
Fire Escape
automatic rope holds one-thousand pounds 925
wall-gripping ladder prevents swaying 40
Fire Fighting
automatic hand extinguisher will not damage goods 96
fighting fire with fire 570
foam generator stops fires in oil storage tanks 237
mules carry pumps to help guard forests 460
on the trail of the swindler 242
oxygen tube in hose to help save lives 112
rubber suits for dock firemen keeps wearers afloat 633
service car to serve firemen coffee 949
tests with chemicals help reduce losses 280
tower of steel gang planks to save lives 427
underground 75
water "watch dogs" guard logs for paper 968
Firemen—walk in water with rubber suits 926
Fireplace—portable furnace saves fuel 399
Fires
destroy two human lives every hour 715
Fires, Forest
destroy fertilizer 729
dynamite used to fell trees 727
with the air patrol 50
Fish and Fishing
air-fed minnow bucket keeps bait alive 13
aquarium tests show fish answer call to food 248
automatic line reel aids in bait casting 7
checking boat speed for trolling 144
first aid for goldfish 224
fish shipments kept frozen by gas flame 288
holder for the fishing rod 668
loosening stiff fishing-rod joints 666
minnow net comes apart for easy packing 236
outboard motor retarder slows speed for trolling 89
two handy tools for the fisherman 679
why fish do not bite 366
Flashlight
carried on boat 678
holder for 157
used for photographing 1029
worn on coat leaves hands free 988
Flies—how to keep out of the house 504
Floods
chain of bonfires warn of expected 753
concrete mats to prevent Mississippi river 45
seven-ton concrete braces help curb 272
Floors
block, without nails, deaden sound 636
dressing, in small space 508
remedy for squeaking 1025
Floor Surfacer—sands edges saving hand labor 109
Flowerpots
bird houses made from 847
how to hold on shelves 143
Flowers
fifty centuries-old found in Egypt 578
plant pills grow bouquets 177
Flypaper—how to make 327
Flywheels—wallboard disks protect workers 513
Foods
as medicine 373
man is what he eats 579
treated by ultraviolet ray 91
Food Chopper—used for clamp 508
Food Dispenser—keeps food clean, reduces cost 887
Food Supplies—five tons of beef required for Byrd expedition 591
Football—spray wagon substitute for sponge 715
Forest Fires
mules carry pumps to fight 460
started by sparks from horses hoofs 579
Forest Rangers—leaves serve as wind gauge to aid 888
Forests
guarded from peril of fire by road breaker 368
in Europe 377
to be guarded by plant that resists fires 609
Fort McHenry—restored by army 985
Fountain—shaped like Christmas tree 986
Freight—master scale for railroads to aid shipping 189
Frogs—lids move upward when blinking 729
Fruit—easy tricks with 994
Fruit Squeezer—fits on table and saves time 254
saves juice and protects hands 911
Furnace
air moistener promotes health 609
sawdust burner installed with 761
Furniture
chairs slide easily over any floor 903
combination desk and piano 999
combination seat, cabinet and workbench 1043
designing, to cover radiators 697
folding dining table with benches attached 885
how to make rush or fiber seats 875
how to refinish 1044
kink for cleaning 1025
two tables of modern art 863
Furs
electric comb and iron for 959
rubber lining helps drive away moths 11

G

Galoshes—how to get more wear from 1026
Game Laws—man's law on the Yukon 291
Games
bowling, rubber-tired disks used for 934
"jitney golf" played with old auto tires 1027
two homemade ball 862
Garage
basement used as 777
build your own 165-341
control for doors reduces accidents 446
turntable in front of 1000
Garage, Accessories
hand-size brake tester 64
meter shows tire pressure while inflating 42
Garage, Equipment and Supplies
brush washes auto top 975
homemade tire spreader 154
seat for auto greasing attendant 339
Garbage—gas made from to heat homes 992
Garbage Truck—dustless, promotes health 446
Gardening
fork is tilted to increase leverage 456
paper covers over gardens help prevent weeds 385
porch cabinet for tools 677
Gardens—revealed at night by electric floodlights 449
Gas
escaping sounds alarm to prevent accidents 545
made from garbage to heat homes 992
Gas, Fuel—boiled out of metal in electric furnace 619
Gas, Mask—"sniffer" in factory tests 999
Gas, Poison—carrier on motorcycle is latest army unit 591

Gasket, Rubber—for high pressures 693
Gate—for the farm 872
Gauge
for bevel cutting also serves as compass 797
for duplicating diameters takes place of caliper 690
Gauge, Pin—easily made 496
Gears
pulling tight 140
repair for broken tooth 1040
Geese—when they wear shoes 553
Geological Survey—modern wizards of water magic 274
Geology—earth is slipping westward 904
Geysers
new in Yellowstone National park 817
rain and snow feed 288
Giraffe—"skyscraper" cage needed to ship 241
Glaciers—tell their secrets in clockwork "diary".. 256
Gland—animal, extract from to save fire victim ... 885
Glass—working in machines 1043
Glass Blowing—highest skill required for eyes .. 224
Glass Eyes—require blowers highest skill 224
Glass, Optical—big disk tested at night to reveal defects 232
Glowworms—why they glow 376
Gold—distribution of 79
Gold Mines
air-picked gold fields 754
hunt two lost in Oklahoma hills 885
Golf
ball retriever saves loss 17
coin-in-slot games tests skill 88
course for hotel guests built on roof 359
dummy as instructor shows proper form 240
grip guide for players helps improve game 233
guide teaches putting 80
indoor game played with cards 90
press for clubs keeps shafts from bending .. 57
putter, mechanical, tests grasses best for greens 753
scorer worn on wrist 1001
stroke meter measures length of drive 975
tee that aids long shots and doesn't get lost.. 453
Grain—shocker for bundles saves hand labor 448
Grand Canyon—new bridge across to replace ferry 989
Grape Vine—over century old 993
Grass—that pushes back the sea to aid farmers .. 550
Grate—camp, simple folding 861
Greenhouse—back porch used as 874
Grocery—automatic allows motorists to shop in cars 374
Guitar
method of bracing 1026
silver, amplifies tone through diaphragms .. 8
Guns
army mortar lays smoke screens 763
spring, from old umbrella 318
Guns, Gas—like fountain pen 736
Gymnasium—how to make, for home 849

H

Hafnium—found in sun 33
Hailstorm—clouds bombed to prevent 593
Hammer—nail holder on 776
Handbag—with electric light saves search in dark 397
Handcuffs—use thumb cuffs instead of 789
Hats
changing styles, as theme of decoration for porch posts 279
how to prevent sweat marks on felt 140
restiffening straw and panama 331
with eyeshade eliminates sun glare 11
Health—women's winter apparel more healthful than men's 784
Heat, Electric—the new age of 730
Heater
keeps show-window glass clear 914
solar-heat machine 951
Heater, Gas—preheating water for 1016
Heat Waves—borne by warm air from the gulf .. 632
Hedge—accordion cutter leaves smooth edges 207
Hedge Trimmer—electric prolongs life of vines.... 799
Helium
new plant for military dirigibles 273
uses of 618
Highways
among volcanoes opened in Hawaii 459
automobile, on canyon wall is marvel of engineering 114
automobile roads over railways to speed traffic. 426
Highways—continued
new, through the Florida Everglades 627
super proposed for autos to cross the nation .. 561
Hinge—lock for loose pins 1029
Hobbyhorse—that walks, newest child's toy 913
Hoe—with adjustable head saves extra tools 633
Hogs
scalding and hanging 319
watering trough for 340
Hominy—when first made by the Indians 433
Horses—training circus 258
Hose—on street protected by pipe 1051
Hose, Garden
holder saves steps 64
oval-shaped washer prevents loss 90
sprinkles more lawn through mist nozzles .. 390
sturdy support for nozzle 141
Hosiery—how to tell fashioned from imitation 201
Hotel
golf course built on roof 359
stranded on old street level 23
Hot Water Bag—has electric heater 238
House—glass, to save your eyes 930
Household Devices 110, 286, 462, 638, 814, 990
acid-proof, rubber milk bottle stopper 463
ash receiver clamps to floor lamp 110
attachment prevents thumb sucking 286
attractive birdcage cover 110
baby crib, combination 990
brush, scrubbing, long handle for 814
candle support catches drippings 287
carpet sweeper, vacuum attachment 815
celluloid form for washing gloves 463
checkerboard cake tins 991
chopper to make meat tender 110
clothes brush holds cleaning fluid 287
combination book holder and lamp 815
combination desk, game rack and table set for children 638
combination stopper and strainer makes dishpan of sink 287
combination window cleaner 286
cooker for gas stove 990
cork-handled, floating bath brush 462
decorative window shelves for flowerpots .. 639
drip catcher for sauce bottle 463
drying rack folds against wall 991
dust receiver on wheels 462
easily cleaned food press 287
electric iron without cord 726
evenly distributing floor waxer 111
folding dining set includes ironing board ... 111
fork clamp 991
garment hanger fits in door frame 991
hand-crank fruit squeezer 254
hot water bag has vacuum cups 815
iron, electric, folds up into a table 814
ironing board bag prevents long pieces dragging on floor 462
kettle whistles when food is cooked 254
lemon squeezer and strainer fits over glass ... 441
meat carver holds joint while slicing 986
mirror with handle containing nail file and tweezers 286
molds for freezing custards and creams 462
mop that unwinds fabric and supplies oil or water 639
nickel-plated rolling pin holds eleven articles.. 462
pastry cutter 287
perforated aluminum plates for kettles prevent burning 638
pitcher with "built-in" handle 111
pocket-size washboard for travelers 463
portable electric heater 286
portable electric water purifier 286
pouring cap for milk bottle 110
row of kitchen bins holds supplies and dispenses them through valves 463
rubber and bristle scrubber for cleaning pans. 111
rubber wrench for sealing or removing jar caps 639
salt and pepper shaker combined 990
sanitary container for scrapings 814
shoe-shining cabinet concealed in wall 990
silver balls as substitutes for ice 110
sponge-rubber dish washer 638
spring stopper seals holes in condensed milk can 111
tray for serving meals in bed 110
twisted clothesline requires no pins 638
wall brackets, candle-shaped bulbs for 814
wall desk for telephone 991

Household Devices—continued
white webbing baby harness keeps child in crib 639
wire pot-cover holder 844
House Numbers
made from old auto license plates 667
painted on curbing 508
preventing from discoloring paint 1036
House Plan 176, 352, 527, 703, 879, 1055
Humidifier—air in homes is "washed" to guard health 578
Hunting—boat and boots combined for the duck hunter 959
Hydrogen Sulphide—oil-seated valves for 338
Hydroglider—huge, built for Atlantic record 415

I

Ice
automatic shaver cuts cost of drinks 31
auto used as tractor on 1047
from an oil well 43
machine for tourists run by auto 24
packed around fruit trees to foil frostbite 47
Icebergs
coast-guard patrol tracks to lair 967
seek birthplace, to protect shipping 398
Ice Cream—stand like igloo 47
Incinerator—in form of tree improves looks of yard 575
Incubator
reading the thermometer 690
thermometer lighted by small lamp 847
Ink
clip prevents blots when ruling 1031
to remove stains 678
Ink, India—how to use in fountain pen 347
Insects
ants tunnel sixty-five feet to reach water supply 89
have larger wings than birds proportionally 727
man-eating ants 759
pyrethrum-soap spray kills 332
secret of African ants water supply 813
that devour insects, protect plants 735
trap attached to casters 729
wire fence bar to 950
Insurance—patent, protects inventor and maker 279
Inventions—sand loader developed from toy 225
Inventors—the unsung heroes 202
Iron
cast, tinning 696
deposits created by bacteria 441
molten, carried in vacuum-bottle freight car 356
sheet, cutting and bending 161
structural, fixture for bending 1042
Ironing—turpentine in starch prevents iron sticking 686
Ironing Board—on bed springs saves space 74

J

Island—pirate, in Gulf of Mexico, to be modernized 927
Ivy Poison—effective chemicals for 216
Jewels
fifty centuries old found in queen's tomb 55
in foreign street pavements 241
Jewel Trees—how to make 137
"John Hancock"—meaning of the term 402
Jungle Fowl—hatches chicks in London zoo 376

K

Kettle—gives whistle signal when food is cooked 254
Keyhole—luminous paint on 1029
Key Ring—serves as picture-frame clamp 1030
Keys
case with swivel hook 284
making a key impression 845
with bottle opener top 73
Keys, Automobile—case prevents rattling and loss 616
Kindling—cubes for campers simplify starting fires 113
Kitchen—scissors handy in the 856
Knife—automatic sharpener gives keen edge 182
Knots—you should know 1032

L

Labor—where human beings serve as burden carriers 46
Ladder—folds in small space and holds heavy weight 450
Lampblack—melts ice to free steamer 190
Lamp Posts—concrete, are spun 904
Lamp Shades
don't use paper as 317
green-disk, fits bulb 983
making attractive "Ballontini" 511
rotating, helps focus light 190
Lamps
clamps on book 729
for health treatment 769
removing broken auto lamps 860
Lamps, Table—an unusual 1049
Land, Reclaimed—yields big crops 247
Lanterns
carrying case for gasoline 158
for porch combined with mail box 401
homemade candle 505
medieval, easy to make 681
Lathe
spring center for 350
to true brake drums simplifies servicing 625
to turn a large pulley 698
Lathe Practice—ball mounting for roll 516
Laundry—million pieces daily for sleeping car 241
Lawn
apply fertilizer with hose while watering 200
easily made concrete roller 154
renovator to clean reduces hand raking 272
simple soil-testing outfit to improve 94
Lawn Sprinkler—from a flowerpot 506
Leather—to preserve old 333
Lemon Squeezer—and strainer fits over glass 441
Lifeboat—launched by tractor 721
Light—the master of 778
Lighthouses—of the air 906
Lightning
artificial sets new record with flash 66
measure speed of, with two-lens camera 785
safest spot when strikes 62
tall buildings guard others from 114
Light Waves—easily bent around ball 574
Linen Closet—pull-out shelf for 1030
Linoleum
baseboard helps keep rooms clean 464
fitting snugly against raised concrete border 698
protected from stains with auto finish dope 9
Linotype
burr remover for matrices 160
holder for ejector blades 139
Lint—brushing from heavy fabrics 679
Locks
for sliding windows 333
for windows 666
keyless, helps prevent theft 25
remote-control electric combination, for sliding door 328
repairing 141
Locomotives
burns gasoline and speeds switching 215
cab in front of big engine affords better control 398
direct steaming ends smoke evil 63
from wood burners to steel giants 898
three-section, makes sharp turns 182
Logging
safety brake for saves time 788
the romance of modern 970
Logs
for paper, water "watch dogs" guard 968
split by exploding wedge to save hand labor 374
Lubrication—oilcan seal prevents waste 790
Lumber
mill uses salvaged, and cuts logs in shapes 576
one stick builds two Japanese houses 884
shipped in packages to save waste and time 264
Lumbermen—model city for, affords many luxuries 905

M

Machine Parts—accurate measuring of keyways and grooves 699
Machine, Recording—for store helps tabulate sales 236
Machinery—an inexpensive universal joint 1051
Machines
the unsung heroes 202
to mark dismantled parts 518
Magnet
clears road of nails 801
rids road of nails 810
Mail
collapsible case for 937
theft-proof box 504
Mail, Air—annual mileage is six million 223

Mail Box
combined with porch lantern ... 401
waterproof ... 929
Maps—folding, for autoists easy to handle ... 109
Marines—with Uncle Sam's devil dogs ... 67
Mattresses—to handle more easily ... 158
Measuring
depth of sea ... 784
half capacity of containers ... 1017
Measuring Can—adjustable, for the shop ... 340
Meat
flavor added before killing ... 432
wringer makes tender and does not tear ... 376
Meat Carver—holds joint while slicing ... 986
Meat-Cutting Machines—how to sharpen knives ... 1050
Meat, Reindeer—dropped in Alaskan village by airplane ... 423
Mechanical Drawing—paper clip holds triangle ... 877
Mechanical Man—that moves and talks ... 960
Medicine—aided by electrocuting plants ... 181
Memorial, War—chimney used as ... 951
Mental Tests—show mind works best at night ... 225
Mercurochrome—removing stains from clothing ... 505
Metals
mystery of rusting ... 782
new, for auto uses ... 977
ounce of barium saves phone millions ... 960
Meteor—engineers seek rich minerals in Arizona ... 453
Milk
in sheet form ... 951
keep fresh by iceless cooler ... 224
kept fresh by radio waves ... 602
Milk Bottle—lock holder prevents theft and dirt ... 386
Milk Cans
cooler for, simplifies handling ... 641
rack for auto truck ... 696
rack for draining ... 699
Milk Cooler—spout shifts automatically ... 337
Minerals
mystery, curbs fire and prevents rust ... 95
new magic in treasure hunting ... 58
odd, used in paints, mined only in Utah ... 399
rich, sought by engineers in meteor ... 453
Mines and Mining
Edison's miners safety lamp to prevent explosions ... 586
electrical prospecting holds hope for new mines 992
fire fighting underground ... 75
giant electric shovel speeds work at coal mine ... 464
handmade smoke screen aids safety ... 400
the ghost towns come back ... 442
two-filament miners' lamp prevents time loss ... 193
Models
cathedral carved with jackknife ... 816
four-day liner tested in tanks ... 25
knockdown yacht easily assembled ... 62
marvels of mechanical age explained in exhibit 34
miniature flying field built for planes ... 57
moon carved in plaster with dental drill ... 96
village for birds ... 764

slow movies of voice to aid stars for talking pictures ... 425
strap holds camera for steady pictures ... 236
the amazing story of the "talkies" ... 938
the master of light ... 778
x-ray movies to show bone knitting ... 912
Muscle—how to use it ... 219
Mushrooms—produced in old beer-storage cellars ... 218
Musical Instrument—how to make a Chinese fiddle 848
Music Lessons—on multiple keyboard aided by lights ... 619
Mustard—leaves sold for greens in eastern markets 271

N

Nails
holding small, securely ... 854
still made by hand in parts of England ... 200
to fill holes in yellow pine ... 340
National Defense—Uncle Sam's latest weapons ... 403
Navy, British—wireless-controlled battleship used as gun target ... 282
Navy, U. S.
champion of the fleet ... 786
lighted airplane tragets aid night shooting ... 78
Neckties—electric press for, helps preserve fabric ... 230
Neon—beacon on skyscraper ... 999
Neon Lamp—solves problem of high speed machines 988
Newsstand—portable, helps patrons catch cars ... 587
Nickel—to polish tarnished ... 496
Noise—cause millions loss in decreased efficiency ... 226
Northern Lights—what are they? ... 792
Nuremberg Castle—magic beauty revealed by floodlights ... 601

O

Oars—spoonlike racing, to increase speed ... 192
Ocean Depth—over seven miles shown by echo measures ... 250
Oceanography—shape of earth under sea gauged by submarine ... 968
Oil
draining from wooden barrels ... 164
hunting with dynamite ... 881
study of spots on the sun aids search for ... 758
tank blasts on ships prevented by waste gas ... 592
yields flavor of peaches and soap ... 950
Oil, Floor—homemade ... 337
Oilstone
refacing old ... 1053
repair for broken ... 516
Oil Well
ice from ... 43
time bomb reduces hazard ... 17
Organ—improvised blower for church ... 668
Ostrich—hunters catch live birds with auto ... 10
Oven, Electric—cask-shaped spreads heat evenly ... 455
Oysters
noises made by hamper sea radio ... 887
produces 16,000,000 eggs ... 369
U. S. guards ... 929

P

Pads—felt, keep glass table tops in place ... 49
Paints and Painting
adjustable scaffold for painters ... 347
a good brown wood stain ... 702

Paints and Painting—continued
cleaning brushes ... 334
cleaning old brushes ... 667
coal is tinted to tell brand ... 1000
electric paint-spray gun ... 993
getting ivory color ... 858
hints on the use of aluminum paint ... 508
keeping paint cans sealed ... 857
luminous paint on keyhole ... 1029
moisture resisting paint ... 844
paint-removing fitting for blowtorch ... 174
seek cause of scaling ... 715
special paint for airplanes to promote safety ... 7
staining wicker furniture ... 319
stenciling with lacquer ... 147
synthetic weather decides quality of paints ... 24
white paint for concrete ... 1018
whitewash for various purposes ... 1030
Pancakes—automatic machine for ... 953
Paper
logs for, water "watch dogs" guard ... 968
made transparent for tracing ... 1035
punched from stamps sold by government ... 926
scraps, make decorative pottery ... 859
Parachutes
fin for jumpers aids safer descents ... 256
jumper broadcasts during his descent ... 936
seek silk substitutes to improve ... 81
speed of jumpers ... 391
Paraffin—on airplane wings prevents ice formation. 32
Partitions—retrieving articles lost in ... 858
Patents
number granted Edison ... 95
protected by new form of insurance ... 279
Pavement
concrete tested, to prevent sag ... 418
fabric for cement road simplifies repairs ... 233
non-skid motor road material stops accidents ... 598
valuable, in foreign streets ... 241
waves in asphalt removed with shaver ... 637
Pearls
fake revealed by camera ... 738
found by bushel in early days of America ... 969
Pecans—cracker prevents breaking the meats ... 6
Pencil—one-piece automatic, seldom needs filling ... 402
Petroleum—world's, will last three thousand years 905
Phonograph
combined with stereopticon ... 936
fits in watch case proves owner's voice ... 712
record folds up in cigaret case ... 817
unit for making own records ... 285
Photograph Negatives—removing emulsion from old 320
Photographs—stage scenes from vacation pictures. 1015
Photography
blue pictures on glass ... 506
camera detective convicts thief ... 400
cure for slipping tripod ... 338
five photos in one exposure ... 1031
flashlight used in taking pictures at night ... 1029
focusing cloth for windy days ... 174
four-lensed aerial camera to speed mapping ... 209
holding small steel articles for photographing. 701
"mirror" effect obtained on dry days ... 63
photograph made on steel with high explosive. 240
portrait plaques in bronze recall ancient art. 414
rapid printer helps political campaign ... 33
six pictures in three seconds with sports camera 414
small-size camera copier has three lenses ... 377
use of pack films in cut-film magazine ... 326
washing prints in the kitchen sink ... 351
waxing surface of photographs ... 667
Photography, Aerial
lost city found by airplane pictures ... 400
portable camera for still pictures ... 992
the flying cameraman ... 378
Physiology
Have you a ninth sense? ... 962
man is modified by what he eats ... 579
Piano
and desk combined ... 999
child's playing guide simplifies instruction ... 217
re-gluing ivory tops of keys ... 175
Pigeons Carrier—wear whistles to keep hawks away 375
Pigtail Connections—tinning ... 497
Pins—office, holder saves time and fingers ... 710
Pipe
brass how to handle ... 700
cat helps clean ... 803
closing small leaks in fittings ... 164
collapsible workbench made of ... 1054
protects hose on street ... 1051
Pipe—continued
steam, seven-foot, made by arc welding ... 966
Pipe Fitting—facing ... 1040
Pipe Line—for water power big enough to hold river ... 418
Pipes, Smokers'
new wood for ... 713
self-adjusting cleaner ... 783
Pipes, Water
electric flatiron thaws frozen ... 1029
thawing out frozen ... 1025
Pirate—island in Gulf of Mexico to be modernized 927
Piston Rings—keep edges sharp ... 854
Planer—used as a press ... 1048
Plant Ills—spies to detect, to protect home crops ... 790
Plants
cabbage and radish crossed ... 249
effect of electric lights on growth ... 25
electrocuting, as aid to medicine ... 181
fire-resisting to help guard forests ... 609
grass pushing back the sea to aid farmers ... 550
lilacs blossom at Christmas with aid of chemical ... 716
new kinds of cabbage ... 635
"pill" causes plants to grow in water ... 632
protected by insects that devour insects ... 735
revived by radium paint ... 391
roots as miners ... 80
six-headed cabbage has eight-foot stalk ... 574
subject to sunburn ... 936
treated with radium to speed growth ... 618
water hyacinth produces chemicals ... 427
Plaster—cutter bores holes without making dust ... 373
Plaster of Paris—kinks for using ... 153
Plating—aluminum on metals by electricity ... 811
Playground—Ferris wheel for, boys invention ... 790
Playground Apparatus—outdoor gym for children. 12
Plow
for flat-bottom ditch makes sloping sides ... 218
that plants potatoes ... 183
Plowshares—from autos ... 629
Poison—oxygen chamber saves cats affected by carbon monoxide ... 913
Police
flying, for airport traffic ... 752
motor tricycle carries five men ... 608
summoned by alarm system ... 432
use thumb cuffs instead of handcuffs ... 789
walking faults revealed by treadmill test ... 618
Polish—homemade stove ... 1022
Porcelain—the art of imitating ... 499
Porch—posts show history of hats ... 279
Porous Plaster—to remove from the skin ... 331
Potatoes—digger and sacker saves hand work ... 376
Pot Cover—wire holder ... 844
Pottery—decorative, made from paper scraps ... 859
Poultry
automatic fountain for ... 1023
burlap used on nests and roosts ... 1054
darkened brooders stimulate chickens growth 516
easy method of cleaning nests ... 1027
eggs tested with eyeballs to insure hatching ... 237
hopper for dry mash ... 502
wire basket helps turn eggs in incubator tray 347
Printing
casting box for printer ... 173
timesaving in casting type ... 668
Psychology
do faces reveal forune? ... 777
intelligence tests for babies ... 764
iron wire acts as nerve acid ... 736
Pulleys—overhead, measuring ... 1051
Pulse—visible record taken with electricity ... 39
Pump
guard prevents splashing ... 145
inclosure prevents from freezing ... 1048
locking clamp for pipe ... 346
three-way spout eliminates adjustments ... 630
to hang a bucket on the spout ... 506
Puppets—circus staged with ... 713
Purse—keeps coins sorted ... 284
Putty—stain, to match finish ... 694

R

Rabbits—skins rival leopard fur ... 368
Rack—simple for draftsman ... 1041
Radiator—auto, preventing from freezing ... 1042
Radio
cause of hum in a.c. sets ... 132
cleaning the soldering iron ... 135

Radio—continued
combination a.c. and d.c. test set ... 301
device reduces motor interference ... 840
electric plugs of soft rubber ... 483
gauging reamed-hole sizes ... 482
guides ship without crew ... 707
handy program index ... 311
handy tone and volume control ... 124
handy tool for set builder ... 133
headgear for airmen to aid communication ... 587
headphones on loud-speaker lines ... 663
helpful hints from experts ... 1010
identification of aerial and ground connections 664
increasing range of voltmeter ... 1008
neutralizing rf. stages ... 664
new socket of universal type ... 136
noises made by oysters hamper sea ... 887
Northern Lights help in Alaska ... 648
pin jacks simplify connections ... 1014
reducing local interference ... 311
reducing local interference ... 664
secret of echoes sought high above earth ... 608
simple control relay for chargers and eliminators ... 486
station set on incline to help control waves ... 455
Southern Cross flight a victory ... 185
telephoto of dirigible "Count Zeppelin" ... 927
to improve your set ... 1002
use care with power apparatus ... 477
voltage supply for test table ... 486
Radio, Adapter—compact short-wave ... 131
Radio, Aerial
antenna protects building ... 306
building a telescope antenna ... 310
handy kink ... 662
homemade, underground antenna ... 488
misused antenna insulation ... 663
mounting loop on portable set ... 1014
new, easily installed ... 126
pipe lengths for masts ... 136
two sets on one ... 487
Radio, Amplifier—an inexpensive push-pull ... 311
Radio, Apparatus—r.f. transformers for screen-grid tubes ... 840
Radio, Applications
amplifier for phone aids deaf ... 32
as alarm to waken people ... 209
low frequency waves to help treat disease ... 230
microphone aids teachers as well as pupils ... 218
microphones in jail room to trap prisoners ... 295
new tests for radio waves as disease cure ... 560
portable loud-speaker set aids foremen ... 250
radio for taxi passengers helps attract fares ... 600
radio phones link ship to shore ... 353
rotating radio beam system to aid communication ... 448
scores of ships saved in Great Lakes storms ... 386
unseen salesman helps auto buyers ... 222
Radio, Battery Charger—contacts for vibrating ... 484
Radio, Batteries
auto generator for ... 132
building an Edison type B ... 127
charging from d.c. supply ... 300
comb for spacing leads ... 477
correct grid bias saves ... 126
C-voltage depends on B-voltage ... 312
how to obtain C-voltages ... 483
improving the hookup ... 473
old auto generator as charger ... 307
paste protects terminals ... 485
prolonging dry-cell life ... 310
reducing charger noises ... 1014
simple method of testing B ... 488
testing, and power units ... 1009
trickle charger, homemade ... 826
vibrator charger changed to tungar ... 135
Radio Broadcasting
home device ... 477
parachute jumper broadcasts thrills of his descent ... 936
speech in eight languages at same time ... 295
tower on mountain reached by cable cars ... 568
Radio, Cabinets—a Spanish desk ... 828
Radio, Coils
has twin rotors ... 307
homemade r.f. choke ... 834
r.f. chokes prevent distortion ... 1014
winding kink ... 475
Radio, Condensers
giant air dielectric ... 484
low-loss midget ... 124
Radio, Condensers—continued
reducing line interference ... 827
variable, drilling templates for ... 840
Radio Construction
hints for set builders ... 827
kink for starting nuts ... 1008
panel saw, homemade ... 827
Radio, Eliminator
build this compact B ... 649
direct A-supply from charger ... 660
electrolytic kink for B ... 308
voltage divider for B ... 840
Radio, Installation
better reproduction ... 653
soldering lead to lead ... 309
wire holder simplifies soldering ... 1009
worth-while hints on wiring ... 136
Radio Loud Speakers
artistically designed ... 131
compact exponential type ... 126
cone kink ... 487
dynamic, is operated from light socket ... 651
employs double diaphragm ... 834
in colonial type tilting table ... 124
make this effective drum ... 297
novel unit ... 651
practical kink for cone ... 312
purpose of the filter ... 652
quieting ... 475
simple panel for connection ... 482
using two or more ... 134
Radio, Pictorial ... 125, 302, 476, 659
Radio, Receiver
amplifier for crystal set ... 826
a Spanish desk cabinet ... 654
detector circuit without B-battery ... 310
expert discovers tone purity by ear ... 738
five ways to electrify your set ... 303
good tuning devices important ... 300
handy hint for builders ... 484
in loud speaker ... 133
keeping the set dry ... 662
modernizing old installations ... 660
new Browning-Drake uses screen-grid tube ... 479
new Perfect-Tone Six ... 835
portable is equipped with screen-grid tube ... 653
power installations require air ... 487
practical hints for set builders ... 652
regenerative, keeping detector tube from spilling over ... 826
service hint for power units ... 475
special fuses needed to protect the a.c. ... 658
tables for electric sets ... 308
Radio, Reception
extra grounds bring DX record ... 132
fading signals in a.c. sets ... 661
improving the tone of old sets ... 1007
razor blades make headphones diaphragms ... 661
reducing power-line pick-ups ... 301
tone filter for magnetic pick-up ... 825
Radio, Repairing
a.f. transformers ... 664
by-pass condensers ... 827
drum, hums and crackles ... 121
handy testing points ... 312
headphones ... 488
insulating the screwdriver ... 486
safety insulation for screwdriver ... 663
test points from phone plugs ... 309
Radio Rheostat—safety stop for screw-in ... 301
Radio, Television
condensing lenses aid ... 797
how to build a receiver ... 1004
in natural colors ... 750
latest apparatus in ... 1013
new parts for experimenters ... 652
what it offers ... 820
Radio, Transformers—iron-core R.F. ... 134
Radio, Tubes
base makes light plug ... 475
detector, kinks ... 131
glow, often causes hum ... 124
heavy wire for a.c. circuits ... 484
homemade filament control units from old rheostats ... 126
homemade line voltage control ... 1009
how oscillator tubes work best ... 483
look out for bad ... 136
new, has five elements ... 124
new Perfect-Tone Six employs screen-grid ... 835
new use for old ... 485

Radio, Tubes—continued
proper selection ... 662
protecting filaments ... 135
reactivating ... 477
r.f transformers for screen-grid ... 840
screen-grid kinks ... 660
screen-grid requirements ... 1008
testing amplifier ... 133
to lengthen life ... 475
Radium
paint revives plants ... 391
used to speed growth of plants ... 618
Radium Atomite—more powerful explosive than T.N.T. ... 440
Railroads
air-rail passenger routes to speed traffic ... 254
baggage car to carry autos ... 989
boiler inspection hottest job on ... 760
Diesel engine for, decrease fuel costs ... 887
elephant wrecks railway in India ... 819
England's crack train takes non-stop record ... 454
expenses cut by riches from the junk pile ... 568
in front yard attracts visitors ... 925
midget, uses autos as substitute for steam ... 416
million pieces of laundry daily for sleeping cars 241
permanent stop sign on tracks ... 171
portable electric alarm warns section gangs ... 796
rubber pads for ... 729
train to control wheat smut ... 945
two-deck sleeping car has hotel comforts ... 569
Rain Gutters—protection against clogged ... 157
Rays
cosmic, linked with creation of matter ... 714
invisible, emitted by rapidly growing plant and animal tissues ... 456
invisible, pierce fog to guard ocean liners ... 799
lamp for health treatment ... 769
plants subject to sunburn ... 936
Rays Ultraviolet
crystal mine yields lenses for ... 813
reveal tooth cavities ... 257
textiles that allow penetration to body ... 461
Razor
blade stropper uses two steel balls ... 952
"parking" space for blade prevents cut fingers 215
rest helps blades regain edge ... 993
using carborundum stone for sharpening ... 676
Razor, Safety
sharpener whets both edges ... 633
thick blades last indefinitely ... 254
Reamer—non-reversible holder ... 336
Reaming—with drill press ... 696
Reflection—of sun and moon upon ice-crystal clouds 599
Refrigeration
gas flame keeps fish shipments frozen ... 288
iceless cooler keeps milk and foods fresh ... 224
Refrigerator
more space in ... 331
Rifle—fired with one hand, wins British prize ... 632
Rings
book concealed in ... 813
cleaning large set ... 685
Rivers—hidden, explained by nature of soil ... 34
Roadster—electric, seats two and goes anywhere. 640
Robot—mechanical man now given the gift of speech ... 192
Rock Drill—counterweight for electric ... 171
Roller Skate—quick clamp prevents accidents ... 553
Rollers, Snow—clear roads ... 782
Roots—clover, penetrate nine feet ... 905
Rope—homemade machine for making ... 343
Rotors—tested in deep pit to prevent accidents ... 6
Rowing—practice with mirror helps train oarsmen 257
Rubber
chemical prevents oxidation of ... 278
suit of, firemen walk in deep water with ... 926
Rug Pins—hold rugs to floor and prevent accidents 366
Rugs
experts say life is fifteen years ... 257
to keep from turning up ... 510
treatment for storing ... 669
Rust—mystery of metals ... 782

S

Safety Devices and Measures
auto rings warning bell at grade crossing ... 760
automatic SOS receiver for steamers ... 760
"cat's eye" traffic lights guide motorists ... 602
chains for shoes to prevent winter accidents ... 976
electric hand stop signal protects pedestrians. 247
Safety Devices and Measures—continued
escaping gas sounds alarm to prevent accidents 545
fog lamp for traffic police ... 637
handmade smoke screen aids mine safety ... 400
light colored clothes help promote automobile safety ... 105
portable electric alarm warns section gangs ... 796
rotors tested in deep pit to prevent accidents ... 6
rubber life ring for rowboats ... 950
safety brake for logging ... 788
workers wear tail lights ... 599
Salvage
Ford's junk pile is grave of many ships ... 56
of cruiser, bottom up, from English channel ... 377
riches from the junk pile cut railroad expenses 568
Sanatorium—steel ball is "health hotel" ... 783
Sand
beach screened for lost valuables ... 640
fisherman modeled in ... 782
pictures "painted" inside bottles ... 232
Sander
dustless, for floors also works on bench ... 440
motor-driven saves time on scrollwork ... 433
Sausage—synthetic skins from cellulose ... 49
Sawdust—cakes for kindling ... 699
Sawdust Burner—installed with furnace ... 761
Saws and Sawing
handy pocket saw ... 695
how to cut duplicate pieces on a bandsaw ... 699
portable electric in kit carried like baggage ... 641
safety for electrician ... 888
Saxaphone—proper care of ... 158
School—shop for boys of old street cars ... 961
Scissors—handy in the kitchen ... 856
Screen—making a Chinese ... 329
Screen Doors—removable sash for ... 857
Screen Wire—uses for old ... 510
Screw
holder made from clock spring ... 1053
machine, a stick in slot of, aids starting ... 1048
removing broken, from wood ... 509
Sculpture
circus display in butter ... 818
fisherman modeled in sand ... 782
sculptor works six years on war memorial ... 296
Sea Monsters—belief in faded with day of modern ships ... 433
Searchlight—effectively reproduces northern lights. 201
Seasickness—cure for ... 63
Seesaw—spring operated ... 953
Seismographs—on dams might warn of collapse ... 367
Senses
are your five perfect? ... 419
tested by looking at world upside down ... 562
Shadow Pictures—a fascinating pastime ... 841
Shadow-Sketching—as a pastime ... 146
Shaper, Bench—how to make a six inch ... 869
Shaving Supplies—dispenser for cream promotes sanitation ... 79
Ship Model
hints for builders ... 1037
knockdown yacht easily assembled ... 62
shaping sail of a ... 1025
used to test speed of ships ... 65
wave cradle for ... 140
Ships and Shipping
airplane carrier given bath before official trials 8
automatic SOS receiver ... 760
cats on ships to curb rat menace ... 45
cheating the sea ... 770
clipper-ship lines return for ocean yachts ... 355
diving for diamonds hidden in sunken liner ... 934
false stacks used as storage rooms ... 763
four day liners launched in Germany ... 751
illuminated flagship in fleet display ... 629
invisible rays pierce fog, guard ocean liner ... 799
model of four-day liner tested ... 25
molasses poured on waves saves ship in storm 427
old, guard bridge against collisions ... 459
passengers put in basket to board steamer ... 238
quest for faster liner ... 769
radio guides "phantom" ship ... 707
radio phones link ship to shore ... 353
refueling at sea is successful ... 176
rudder as high as a house guides big ship ... 226
service station for ... 776
ships fitted with two rudders to steer backward 39
ship that swallows trains used as ferry ... 107
special boats for autos ... 937
speed and distance registered by meter ... 73
speed tested with models ... 65

Ships and Shipping—continued
stainless-steel propellers reduce shipping costs. 551
thousand-foot ship to cost thirty million 390
travel of the future 194
whaler hauls carcasses aboard 969
wireless-controlled battleship 283
Shipwrecks—salvaging 770
Shoes
modern "seven-league boots" afford high speed 248
safety chains for winter to prevent accidents.. 976
shining stand has screen for women 710
wheel to assemble speeds production 607
Shoe Shop—traveling, serves farm workers 440
Shoestring—splicing broken 683
Sidewalks—to protect those used as crossings 515
Silk
artificial from coal 215
made from cotton lint 975
Silos—maintenance of concrete 347
Sink
clean-out plug for drain 684
how to clean a stopped 326
Siphon
automatic 984
automatic, also filters 648
keeps carbonated beverages fresh 95
Sisal—substitute for gasoline from 247
Skating—skate with jointed-blade 753
Skiis
water, for soldiers, substitute for boats 791
water skiing, new summer sport 985
Skyscrapers
"air rights" built over railroad tracks 227
supporting foundations while digging subway. 552
Slate—Indians used as mirrors 817
Sled—foot propelled ice, develops high speed 785
Smoke—to be reduced by turning soft coal into hard 440
Smokers Accessories
cigar lighter without wire latest auto convenience 545
pipe cleaner self-adjusting 783
Smoke Screen—army mortar lays 763
Smokestack—built while fires burn 424
Snakes—species of rattlesnakes in U. S. 296
Snow—rollers clear roads 782
Snowplow—double-motored, clears Swiss roads.... 104
Soap—homemade soft, and its use 686
Soap Bubbles—blowing, to aid science 370
Soil—simple testing outfit to improve lawns 94
Soldering
lead joints 1047
oil lamp heats iron 1024
Spectacles—have thin layer of metal to protect eyes 401
Splicing—ends of short wires 1018
Spoon—on metal bottle cap aids in taking medicine 247
Sports
success depends on quickness of eye 422
water skiing new summer novelty 985
Sports, Winter—snowshoes made from tennis rackets 873
Spray—of pyrethrum soap kills insects 332
Spraying—automobile runs outfit to save extra pump 47
Sprinkler, Lawn—underground 811
Stage Scenes—from vacation pictures 1015
Staging—adjustable, found convenient 516
Stamp Collection—Hawaiian two-cent stamp prized.1001
Stamper—air-mail prints, two colors 715
Stamps
coin-in-slot dispenser for post office 230
Hawaiian two-cent, prized by collectors 1001
paper punched from, sold by government 926
vending machine for 761
Steam—storage in factories increases efficiency... 933
Steam, Boiling—liquids in vats 350
Steam Engine—oil removed from steam by electric process 424
Steel
flaws found by magnetic probe 402
made without furnace by new electric process. 233
new alloy near diamond in hardness..... 961
nitrated, to improve automobiles 31
prevention of scale when hardening 695
punching small hole in thin 844
secret of Damascus, known by Romans 752
Steel Wool
for oilcan strainer 339
scrub brush simplifies cleaning pans 25
Stereopticon
combined with phonograph 936
"spirit" picture projector to aid teachers 281
Stirring Rod—heavy, for chemists 679
Stock-Keeping—"want tags" for hardware store.. 847
Stockings—waterproof silk 383
Storage Battery—removing sulphate from plates .. 514
Stove
gasoline heater and cooker lights instantly... 413
kink for polishing 857
kitchen ranges in colors add cheer to home interior 182
moving the kitchen range 339
substitute for broken oven door spring 686
Stove, Gas—improving the oven 144
Stove, Kerosene—water trap in oil line 505
Strawberries—grow on cars 768
Street Cars—mirror on door causes women to alight forward 720
Street Signs—on street lights easily read at night. 416
Stumps—pulled with help of a keg 678
Submarines
diving bell to aid in rescues 296
for polar trips to aid ocean study 209
greater safety through improved design 207
latest life-saver for 705
navy to test four thousand safety devices 383
shape of earth under the sea gauged from... 968
smoke bombs to aid in rescues 601
toy, that dives 507

getting line over flooded river 161
telegrams sent in Chinese 818
Telephone
directory in outdoor booth serves public 641
life tested with phonograph 105
messages to ships and train by dial system planes 289
ounce of metal saves millions 960

Telephone—continued
press-button system latest service aid 399
tape to record calls is latest service aid 633
wires in plant form show cable structure 576
Television
condensing lenses aid 797
conducts music of hidden orchestra 716
full-size projector 708
how to make a receiver 1004
quartz light tubes help simplify 9
what it offers 820
Tennis
a solo game 668
ball restorer helps improve game 366
Tents—elastic stay ropes for 667
Terra Cotta—cleaning 690
Theater
dummy that sells tickets helps advertise 400
interior of circles 423
outdoor, water curtain hides stage 811
the master of 778
Thermometer—of fused-quartz registers extreme heat 94
Thimbles—easy tricks with 765
Tides
highest on Atlantic coast 255
the mystery of 954
Tile
cement repair job on 503
how to clean white 171
Time Chart—tells correct time and place in world. 598
Tin—reduced to dust by extreme cold 264
Tires
gauge and deflator helps protect valves 598
household bluing helps detect punctures in tubes 515
inflation of Ford balloon 510
whistle on air gauge stops overinflation 383
Tissues—growing plant and animal, emit invisible radiation 456
Tool Box—with hingeless cover 877
Tools
cementing tongs in handles 701
copperplating small 345
device for lifting heavy work on bench 351
for driving fence posts single-handed 164
hole cutter for electrician 73
homemade beading 144
how to harden 526
how to make a six-inch bench shaper 869
improvised strip cutter 334
porch cabinet for garden 677
quick-adjusting wrench fits ten sizes of nuts 386
shears and punch in one save use of drill 247
square for cutting rafters aids roof builders.. 216
three-in-one latest shop aid for metal worker.. 551
Toothbrush
adjustable, gives better cleaning 73
made of rubber, massages the gums 384
Toothpaste—key deflates tubes 153
Torch—to illuminate writing pad 163
Tornadoes—houses with vents protected 12
Tortoise—raised in desert to supply food 280
Tower
of Charlemagne falls into ruins 97
of Pisa to be saved by freezing ground 359
of porcelain cups feature of trade fair 883
Toys
airplane for "Lindy Junior" 313
Don Quixote carved in wood assumes different poses 447
electric auto follows fence for power 926
flying swing like airplane adds to child's sport 551
hobbyhorse that walks, newest 913
how to detect short circuits in toy railroads.. 685
sand loader developed from 225
submarine that dives 507

your boy will like this liner 691
Tracks—portable, useful in driving over soft lawns. 1040
Tractor
auto used as, on ice 1047
inexpensive, for light farm work 689
to prevent rising 171
Traffic
autos stopped at crossing by touch of button.. 97
danger bell traps autos running past lights... 562
dummy as policeman substitute for lights.... 453
shelter for officer helps guide motorists 369
Trailer—support for trailer tongue 844
Transformers—cutting core strips for 860
Transom—adjusted to chain and locked 42
Transportation—travel of the future 194
Trap
attached to casters foils insects 729
unusual, for rats 677
Trap, Bow—how to make 670
Trapping
an effective trap with live bait 503
handy trap placer 857
Treasure—new magic in hunting 58
Trees
dead, felled with dynamite 727
examine trunk with x-rays for defects 759
fruit, ice packed around, to foil frostbite 47
height in Iceland 629
help for the trimmer 163
hunt mysterious "death tree" in Africa 238
ills studied with x-rays to save forests 13
moving a forest 648
rings to solve weather mysteries 48
with rough leaves injured by motor fumes .. 587
Tricks
can you do it? 321
easy, with fruit 994
easy, with thimbles 765
easy, with tumblers 115
Tricycle—operated by rowing 803
Trousers—without seams woven in hand loom ... 284
Truck—wheeled, for home moving 141
Tuberculosis—preventive vaccine saves lives of babies 384
Tubes, Bass—forming small, bent 346
Tumblers
easy tricks with 115
homemade holder 331
Tunnel—eight-mile railroad breaks record 710
Turntable—in front of garage 1000
Turpentine
to remove stain from clothing 503
used in corners to keep moths away 510
Turtles—frozen for shipping on long ocean voyage 461
Tweezers—from large spring cotter 173
Typewriter—for the blind has six keys 285
Typewriting Supplies—light for keys and copy ... 55

U

Ultraviolet Rays
food treated by 91
lamp for health treatment 769

V

Vacuum Cleaner—used as paint brush 375
Vacuum Tube—give automatic control for elevators 1000
Valuables—secret compartment for 146
Valves—grinding kink 172
Vapor Bath—portable, for face, latest beauty aid. 113
Vaporizer—electric, automatic 988
Vegetables—sprayer and drain for 328
Vending Machines—stamp dispenser gives correct change 761
Ventilation
headaches caused by poor circulation 816
June weather all the year in big bank building 640
Vermin
protection against 331
ridding pets of 1024
Vibrations
"death whispers" from quartz kills small animals 738
old buildings are safest from 383
Violins
better, of rubber impregnated wood 914
removing dust from inside 683
vibrations break crystal goblets 818
with straight sides is easier to play 240
Vitaphone—the amazing story of the "talkies".... 938
Volcanoes
dust from affects weather 802
Mt. Vesuvius due for another eruption 709
Voltage—measuring 515

W

Walking Duck—how to make a 855
Wall
calculating number of studs required 1026
circular, of concrete 977
Wallboard—as a canvas substitute for oil paintings 504

Wall Brackets—candle-shaped bulbs for 814
Wall Paper
how to make washable 1051
steam remover also cleans surface 81
washable 356
Wall Stand—of modern design 519
Wall Studs—spotting 702
Wardrobe—curtain and shelf form space for 862
Warfare—"magic curtain" of chemical hides city from air 897
War Maneuvers—big guns on rails aid defeat of "fleet" in war game 190
Washers
counterboring 695
crown, to hide screws and nuts 256
Watch—keeping clean 174
Water
modern wizards of water magic 274
purified with tablet 775
Water Colors—to prevent crawling 146
Water Filter—tractor cleaner for 40
Water Heater Gas—button turns on, saving trip to cellar 359
Water Hyacinths—turned into chemicals 427
Watering—system for hedges and terraces 320
Water Power—water speed in plant exceeds fastest auto 790
Water Purification—by electricity 369
Water Supply—system for home works automatically 716
Water Tank—cement repair for 501
Waterwheel—provides farm with water 517
Water Wings—made from rubber balls 143
Waves, Ocean—Neptune's battering rams 620
Waves, Sound—bore hole in glass 215
Weather
dust from volcanoes affects 802
forecast for week by improved system 207
naval flyers get facts above clouds 763
rings of trees to solve mysteries 48
synthetic, decides quality of paints 24
Weather Vane—three wise owls make novelty 334
Weeder—long-bladed pulls out dandelion roots .. 460
Weight Lifting—muscle and how to use it 219
Welding
arc to replace casting of machine parts 788
electric, promises noiseless building age 217
Well Pit—easy access to 518
Whales—value of 90
Wheat—grown in thirteen weeks under electric lights 57
Wheelbarrow—endless tread, goes through mud .. 465
Whitewash—flaking prevented with cement 496
Wick—removing from oil stove 142
Will-O'-the Wisp—mystery of, due to pressure?.. 976
Wind—judging the speed 385
Windlass, Spanish—pulls auto out of mud 1023
Windmill
filling station built like 885
guide for pump rod 496
large, raises water nine hundred feet 562
"Tim Turner" 155
Window Cleaning—safety brush to be used from the inside 448
Windows
heater for, keeps glass clear 914
hinging porch, to avoid trouble 678
one-way 61
polishing plate-glass 505
portable false, electrically lighted 803
time trap to close, saves getting up 448
to open high swinging 319
washed from inside with spring swab 114
Wire
handy method of snipping 513
splicing ends of short 1018
unrolling, single-handed 685
Wire Link—fixture for forming 526
Women—farm experts in Sumatra 193
Wood—water glass as filler 1027
Wood, Kindling—barrel hoop holds wood while chopping 1028
Woodwork—to keep white fresh 163
Woodworking—gauge for bevel cutting 797
Work—best done in autumn 884
Workbench
collapsible, made of pipes 1054
double, handy drawer for 1041
swinging drawer for 514
Workshop—handy and compact home 159
Wrench—quick-adjusting fits ten sizes of nuts ... 386

X

X-rays
examine tree trunks for defects 759
movies show bone knitting 912
reveal secrets of mummies 369
tree ills studied with 13

Y

Yachts, Ocean—clipper-ship lines for 355
Yellowstone National Park—new geyser in 817
Yukon—man's law on the Yukon 291
